

Our Precious Stones are forever
and so is our warranty

Warranty

Techo-Bloc guarantees its paving stones and retaining wall products against deterioration resulting from natural causes and abnormal deterioration of the surface due to the use of sodium chloride (NaCl) such as de-icing salt.

Techo-Bloc is proud to certify that our paving stones and retaining walls meet the latest industry standards effective in Canada and United States of America, as well as meeting and surpassing the standard requirements of the BNQ (N.Q. 2624.120) ASTM International (C936), (C1372) and CSA (A231.2-M95), acknowledged as the strictest in the world.

Techo-Bloc offers a transferable warranty on all its paving stones and retaining wall systems. Techo-Bloc's responsibility is limited to its products only and not to costs related to the installation of those products. Techo-Bloc will honor this transferable warranty with a proof of purchase.

A handwritten signature in black ink, appearing to read "C. C. ...".
PRESIDENT

* In order to achieve their distinctive appearances, our Stonedge™ products are produced in a different manufacturing process than our other stones. While they do conform to the latest Canadian and U.S. standards, we do not recommend the use of de-icing salts such as NaCl.
