Problem Solvers for the Landscape Professional

Sealer's Choice® Gold

Aqua Mix Sealer's Choice® Gold is a premium, no-sheen, natural-look, Low VOC, water-based, penetrating sealer formulated to provide maximum stain protection. The NEW Rapid Cure Formula protects in less than 4 hours and is designed to achieve optimal penetration into dense, low-porosity surfaces. Excellent for sealing natural stone around salt water pools. Lasts up to 15 years.

Enrich'N'Seal™

Aqua Mix Enrich'N'Seal™ is a premium, no-sheen, enhanced-look 100% Polymer-solid, penetrating sealer formulated to darken, enrich, and highlight the character and beauty of unsealed natural stone. It rejuvenates the color and improves the appearance of worn and weathered stone. It also effectively seals and darkens the color of grout joints. Lasts up to 15 years.

Stone Deep Clean

Aqua Mix Stone Deep Clean is a concentrated heavy-duty cleaner and degreaser designed to clean stone surfaces that have been neglected or subjected to heavy use. Effectively removes dirt, grease, and grime.

Phosphoric Acid Substitute

Aqua Mix Phosphoric Acid Substitute is a premixed acidic treatment designed to remove grout haze, mineral deposits, rust stains, mortar smears, and efflorescence. Effective for the removal of most hard water stains, lime deposits, and soap scum. Also removes cement grout and mortar residue from tile, concrete, and masonry. Etches concrete. No VOCs, No phosphates.

NanoScrub®

Aqua Mix NanoScrub® is an abrasive cream cleaner designed to work where other cleaners won't. It utilizes NanoSTG™ (nano-sized particles) to penetrate into small surface pores where it can effectively work to remove surface stains and residues. Also removes light grout residue (including epoxy), rubber and pencil marks, light mineral deposits, ground-in dirt and most sealer residues. NanoScrub is nontoxic, non-flammable, pH Neutral making it non-acidic. Aqua Mix No VOC (Volatile Organic Compound) formulas help provide better indoor and outdoor air quality compared to similar traditional products.

Ex-Treme®

Aqua Mix Ex-Treme® is a non-flammable, heavy-viscosity acidic cleaner designed to remove years of accumulated discoloration from air pollution or carbon build-up. Also removes stains from smoke, soot, red soil and rust. It is a safer alternative to traditional harsh acids.

Sealer & Coating Remover

Aqua Mix Sealer & Coating Remover is a non-flammable, multi-purpose stripper formulated to stay wet longer which gives the product time to remove most sealers, epoxy grout haze, urethane coatings, synthetic finishes, adhesives, and paints. It also softens Polymeric sand for ease of cleaning. It dissolves deep-set stains and removes heavy grease buildup.

Eff-Ex®

Aqua Mix Eff-Ex® contains EX-2™ Technology, which allows Eff-Ex to remove and inhibit efflorescence. Eff-Ex is a non-acidic (pH 7.4), heavy-duty cleaner.

Contributes to "Leadership in Energy and Environmental Design" certification.
