While every care is taken to ensure that the colour reproductions are accurate, it is impossible to reproduce the stone's subtle shades exactly. We advise inspection of samples before purchase; the colours represented in this brochure are as accurate as modern printing will allow.

## STONEROX STYLES

StoneRox offers distinctive styles, each with their own character. StoneRox has faithfully reproduced all the visual characteristics of each style by using natural stones as models, replicating the complexity of nature. Each style offers a unique, clean profile and dimension that accentuates the details found in the natural design. With a choice of styles, StoneRox allows for a diversity of looks and approaches limited only by the imagination. For additional options, styles may also be combined; please view pages 20 and 21 for more ideas.
