

STONEROX

Facing the Future

The ultimate in luxury, these 6" x 24" panel systems are 1/2" to 1" thick allowing for ease of installation. Ideal for both new construction or renovations.

StoneRox International has been created to compliment the existing StoneRox Canadian manufactured stone veneer products. This product range of thin veneer imports have been chosen specifically to suit the Canadian market with colours and styles applicable to the environment. The addition of the StoneRox International range of products now offers a wider collection of thin veneer products through one trusted source.
