ProSeries

PROSERIES LINE
from **TECHNISEAL[®]**

SUPERIOR PRODUCTS for
PAVER PROFESSIONALS

PAVER TREATMENT

ProSeries from Techniseal®, The Ultimate Protection System.

For over 30 years, Techniseal® has remained the industry leader in the development of new and increasingly effective formulas. Today, our **ProSeries** Protectors are far superior in quality, performance and ease of use to any other products currently on the market.

The Techniseal® System: With contributions from numerous professionals in the field, and after several years of worldwide research and development, Techniseal® has developed a complete paver-care system to ensure the timeless beauty of gracious outdoor living spaces.

Environmentally Friendly

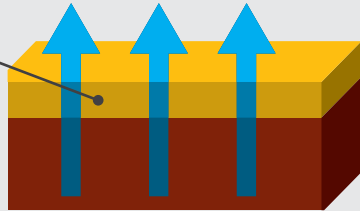

Nearly all Techniseal® Protectors are formulated without strong or flammable solvents, and emit very low VOC levels in the atmosphere. While solvents still have their place, Techniseal® is leading the way with environmentally-friendly water-based products in every aesthetic finish.

THE TECHNISEAL® ADVANTAGE

MICROPOROUS

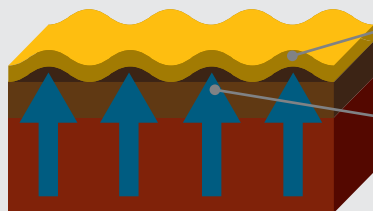

Techniseal® film-forming Protectors are microporous. This means they allow moisture to escape so the Protector stays clear and lasts many years.

Protector is microporous. Moisture passes through.

Techniseal® Protectors

Moisture can't escape. Sealant cracks and peels.

Low-quality Sealants

Hydrostatic pressure build-up.

EXCEPTIONAL STAIN AND WEATHERING PROTECTION

All Techniseal® paver Protectors are both water- and oil-repellent. Since they are made with the very best resins, they form either a durable film or a chemical bond that will prevent the penetration of water and oil. These water-repellent and oil-repellent properties are not found in low-quality sealants, which contain minimal amounts of low-grade resins that break-up rapidly, allowing the penetration of contaminants that can permanently stain pavers.

WIDE CHOICE OF LOOKS & FEEL

NO COLOUR ENHANCEMENT

COLOUR ENHANCEMENT

STAIN REMOVERS CLEANERS ACCESSORIES

1 PROFESSIONAL-GRADE OIL & GREASE REMOVER

- Dislodges deeply set petroleum-based products, motor and hydraulic oil
 - Dries into a powder for easy cleanup
 - Ideal for bare surfaces and older, stubborn stains
- 950 ml [241-591]

2 DIRT & GREASE CLEANER

- Removes motor oil and grease (BBQ)
 - Dissolves, dislodges and encapsulates grease
 - Ideal for sealed surfaces and fresh stains
- 1 L [241-511]

3 RUST REMOVER

- Removes stains caused by steel, rusted metal objects and fertilizers
 - For bare or previously sealed surfaces
 - Will not discolour pavers; does not contain muriatic acid
- 1 L [241-521]

4 PAINT, TAR AND RUBBER REMOVER

- Dissolves paint, tar or bitumen, rubber and chewing gum
 - Water-rinsable
- 1 L [241-541]

5 ORGANIC STAIN REMOVER

- Effectively removes moss, mildew, dead leaves, wine, blood and non-greasy food stains
 - Requires minimum scrubbing
- 700 g [241-502]

6 HD PAVER PREP

- Specially formulated to remove tough efflorescence
 - Brightens up the colour of pavers
 - Prepares pavers prior to sealant application
- 4 L [241-534]
18.93 L [241-536]

7 PAVER RESTORER

- Removes haze created by some polymeric sands
 - Dislodges stains generated by pavers cuts
- 4 L [241-604]
18.93 L [291-606]

ECO-STRIPPER

- Removes most stains, sealants and coatings without affecting the surface
 - Eco-friendly; does not damage vegetation or substrate
- 18.93 L [291-596]

SLURRY REMOVER

- Removes cement slurry and mortar jointing haze
 - For bare surfaces, concrete or clay pavers and slabs
- 4 L [241-554]
18.93 L [241-556]

8 STAIN REMOVER BRUSH

- Solvent resistant
 - Ergonomic handle
- [145-910]

9 SLIT-FOAM ROLLER

- Slit to apply solvent-based Protectors evenly
 - Remains spongy to absorb any extra Protector
 - Solvent resistant
 - Barricade tape included
- [145-930]

PROTECTORS for CONCRETE PAVERS

WATER BASED

1 PROTECTOR FOR CONCRETE PAVERS (IN) | NATURAL LOOK MATT FINISH - PENETRATING

- Preserves the natural look of pavers
 - Ideal for slip-prone surfaces
 - Stain guard - repels contaminants
- 3.78 L [241-313]
18.93 L [241-316]

2 PROTECTOR FOR CONCRETE PAVERS (EV) | CLEAR LOOK SEMI-GLOSS FINISH

- Preserves the original colour of pavers
 - Ideal for driveways, patios and walkways
 - Stain guard - forms a protective film
- 3.78 L [241-303]
18.93 L [241-306]

3 PROTECTOR FOR CONCRETE PAVERS (CB) | COLOUR BOOST MATT FINISH - PENETRATING

- Enhances the colour of pavers
 - Ideal for slip-prone surfaces
 - Stain guard - repels contaminants
- 3.78 L [241-393]
18.93 L [241-396]

4 PROTECTOR FOR CONCRETE PAVERS (WA) | WET LOOK GLOSS FINISH

- Enhances the colour of pavers
 - Ideal for driveways, patios and walkways
 - Stain guard - forms a protective film
- 3.78 L [241-333]
18.93 L [241-336]

5 SUREFOOT | ANTI-SLIP GRIT FOR WATER-BASED PROTECTORS

- Mixes easily with Protector without changing its appearance
 - Highly recommended for pool decks and sloped driveways, steps, low-porosity substrates, etc.
- 114 g [245-981]

Specially designed to protect horizontal and vertical concrete surfaces as well as mortar joints

WATERPROOFING SEALANT FOR BRICK & CONCRETE (WR7) NATURAL LOOK | MATT FINISH - PENETRATING

- Preserves the natural look of concrete
- Prevents crumbling and spalling caused by salt and freezing cycles
- Ideal for brick, concrete or stone facades
- Helps prevent efflorescence

3.78 L [243-383]
18.93 L [243-386]

PROTECTORS for CONCRETE PAVERS

NuLOOK® TINTED PROTECTORS for CONCRETE PAVERS

SOLVENT BASED

1 PROTECTOR FOR CONCRETE PAVERS (WL4) | WET LOOK GLOSS FINISH

- Enhances the colour of pavers
- Ideal for driveways, patios and walkways
- Stain guard - forms a protective film
- For bare surfaces only

3.78 L [241-133]
18.93 L [241-136]

2 PROTECTOR FOR CONCRETE PAVERS (WL5) | WET LOOK RECOATER GLOSS FINISH

- Enhances the colour of pavers
- Ideal for driveways, patios and walkways
- Stain guard - forms a protective film
- For surfaces previously sealed with this product or with WL1, WL2 or WL4 Protector

3.78 L [241-103]
18.93 L [241-106]

3 UV BOOSTER | ADDITIVE FOR SOLVENT-BASED WET-LOOK PROTECTORS

- Extends the life of Protectors
- Provides increased resistance to UV
- Contains urethane

500 ml [241-890]

4 SUREFOOT | ANTI-SLIP GRIT FOR SOLVENT-BASED PROTECTORS

- Highly recommended for pool decks and sloped driveways
- Easily mixes with Protector without changing its appearance

160 g [245-970]

NuLOOK® TINTED PROTECTOR FOR CONCRETE PAVERS SEMI-GLOSS FINISH

- Colours pavers
- Semi-transparent
- Stain guard
- Water based
- For bare surfaces or surfaces previously sealed with this product or with EV Clear Look Protector

CHOICE OF 4 RICH COLOURS

Brick Red
3.78 L [241-373]

Charcoal
3.78 L [241-343]

Honey
3.78 L [241-353]

Cognac
3.78 L [241-323]

CAN ALSO BE APPLIED TO POURED CONCRETE

Poured concrete is not immune to deterioration and discolouration caused by weathering and daily traffic. NuLOOK® is the ideal solution to restore and change the colour of poured concrete surfaces such as driveways, walkways and pool decks*.

*Always use SUREFOOT - ANTI-SLIP GRIT [245-981] when slipperiness is a concern.

Pool deck sealed with Brick Red NuLOOK® Protector with SureFoot Anti-slip Grit.

PROTECTORS for WET-CAST PAVERS

The Techniseal® Wet-Cast Protector Technology

Techniseal®'s wet-cast paver treatment line is specially engineered for wet-cast pavers and slabs. Exhaustive tests have been performed on various products from leading wet-cast paver manufacturers. These protectors are formulated to penetrate wet-cast products, giving pavers oil and water stain protection as well as making the surface easier to clean.

1 WET-CAST PAVER PREP

- Prepares wet-cast pavers prior to sealant application
- Dislodges mould release agents and ground-in dirt
- Brightens up colours

3.78 L [241-173]

2 PROTECTOR FOR WET-CAST PAVERS (WC) | NATURAL LOOK MATT FINISH - PENETRATING

- Preserves the natural look of wet-cast pavers
- Ideal for slip-prone surfaces
- Stain guard - repels contaminants
- Water based

3.78 L [241-163]
18.93 L [241-166]

3 PROTECTOR FOR WET-CAST PAVERS (WCS) | WET LOOK GLOSS FINISH

- Enhances the colour of wet-cast pavers
- Ideal for driveways, patios and walkways
- Stain guard - forms a protective film
- Solvent based

3.78 L [241-153]
18.93 L [241-156]

4 SUREFOOT | ANTI-SLIP GRIT FOR SOLVENT-BASED PROTECTORS

- Easily mixes with Protector without changing its appearance
- Highly recommended for pool decks, sloped driveways, steps and low-porosity substrates such as wet-cast pavers.

160 g [245-970]

JOINT STABILIZING PROTECTORS

Excellent Stabilizing Properties

Although jointing sand remains by far the best solution for pavers, there may be extraordinary situations where an alternative is needed. Techniseal®'s Joint Stabilizing Protectors are specially designed to bind and solidify aggregates as well as sand in a near permanent state. These stabilizing properties allow the joints to stay intact by resisting the effects of weathering and regular maintenance. In addition, they will help prevent ant and weed infestation when used on conventional sand.

1 JOINT STABILIZING PROTECTOR (JS) | CLEAR LOOK | SEMI-GLOSS FINISH

- Preserves the original colour of pavers
- Stabilizes sand and aggregate joints
- Ideal for permeable systems
- Water based

3.78 L [241-413]
18.93 L [241-416]

2 JOINT STABILIZING PROTECTOR (JSW) | WET LOOK | GLOSS FINISH

- Enhances the colour of pavers
- Stabilizes sand and aggregate joints
- Ideal for permeable systems
- Water based

3.78 L [241-613]
18.93 L [241-616]

3 JOINT STABILIZING PROTECTOR (JSS) | WET LOOK | GLOSS FINISH

- Enhances the colour of pavers
- Stabilizes sand and aggregate joints
- Ideal for permeable systems
- Solvent based

3.78 L [241-623]
18.93 L [241-626]
